

Setting up Application Environment

Create IBM Cloud Account

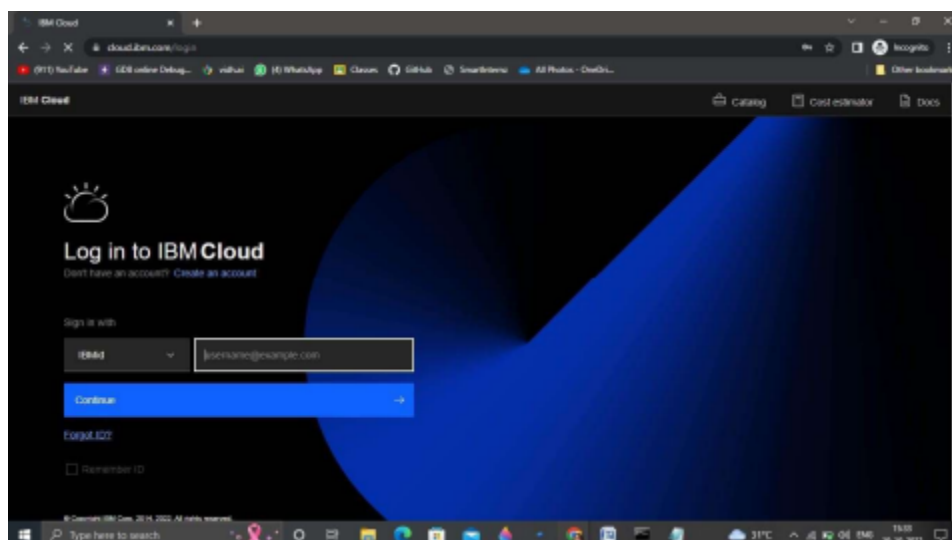

Step 1. Navigate to ibm.com/academic and register with your smartinternz mail

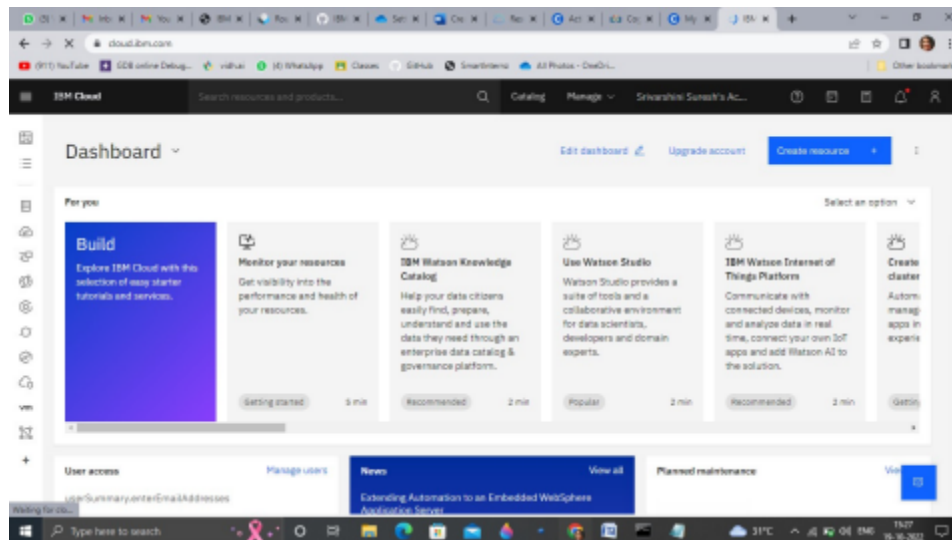

The screenshot shows the IBM SkillsBuild Software Download page. On the left, there is a section titled "Maximize the Power of IBM" with a sub-header "Let IBM help you get access to the tools you need to develop the next great thing." Below this, it states "Keep your code on IBM Cloud, your data on IBM Cloud, and your code on IBM Cloud." On the right, there is a section titled "1. Account information" with a "Sign Up with IBM ID" button. Below this, there is a form with fields for "Email" (containing "j12119101100@us.ibm.com"), "First name" (containing "John"), "Last name" (containing "Doe"), and "Password" (containing "1234567890"). There is a "Continue" button at the bottom of the form. Below the form, there is a section titled "3. Verify email" with a "Verify email" button. Below this, there is a section titled "Didn't receive the email? Check your spam folder for an email from ibmcloud@us.ibm.com." and a "Resend email" button. At the bottom, there is a section titled "IBM is using cookies to enhance your navigation and improve your experience." with a "Yes, I agree" button.

Step 2: Now goto cloud.ibm.com and login with your registered mail id along with coupon code obtained from ibm.com/academic

The screenshot shows the IBM Cloud login page. At the top, there is a "Log in to IBM Cloud" header. Below this, there is a "Sign in with" section with a dropdown menu set to "IBM ID" and a text input field containing "j12119101100@us.ibm.com". Below the input field is a "Continue" button. There is a "Forgot ID?" link below the "Continue" button. At the bottom, there is a "Remember ID" checkbox. The page has a dark blue background with a large white "4" logo.

Output :

Cloud account created successfully.
